Analyzing Mad Men: Critical Essays on the Television Series

Scott F. Stoddart

Analyzing Mad Men: Critical Essays on the Television Series Scott F. Stoddart

AMC's episodic drama *Mad Men* has become a cultural phenomenon, detailing America's preoccupation with commercialism and image in the Camelot of 1960s Kennedy-era America, while self-consciously exploring current preoccupations. The 12 critical essays in this collection offer a broad, interdisciplinary approach to this highly relevant television show, examining *Mad Men* as a cultural barometer for contemporary concerns with consumerism, capitalism and sexism. Topics include New Historicist parallels between the 1960s and the present day, psychoanalytical approaches to the show, the self as commodity, and the "Age of Camelot" as an "Age of Anxiety," among others. A detailed cast list and episode guide are included.
