Darkness is defined as a condition of very little light or illumination. We often use illumination as a synonym for knowledge. A Scream is defined as a condition where one suddenly cries out in a loud and high voice because of pain, surprise, or emotion. These are my screams in a world devoid of illumination. A true life story of a Man who lives the circle of life and his thoughts as he attempts to make sense of an insane world. A battle with disease, delusion, and death. From Policeman to pauper, Superman to disabled, and darkness to Light. Listen to a story of pain, poverty, dark pleasures, and triumph. My screams in the dark will take you on a roller coaster ride that is sure to make you ponder your own Screams In The Dark.
