Ways of Being Male: Representing Masculinities in Children's Literature and Film (Children's Literature and Culture, Vol. 19)

Ways of Being Male: Representing Masculinities in Children's Literature and Film (Children's Literature and Culture, Vol. 19)

Given the substantial impact of feminism on children's literature and culture during the last quarter century, it comes as no surprise that gender studies have focused predominantly on issues of female representation. The question of how the same patriarchal ideology structured representations of male bodies and behaviors was until very recently a marginal discussion. Now that masculinity has emerged as an overt theme in children's literature and film, critical consideration of the subject is timely, if not long overdue.

Ways of Being Male addresses this new concern in an unprecedented collection of essays examining how contemporary debates about masculinity are reflected in fiction and film for young adults. An outstanding team of scholars elucidates the ways in which different versions of male identity are constructed and presented to young audiences. The contributors, drawn from a variety of academic disciplines, employ international discourses in literary criticism, feminism, social sciences, film theory, psychoanalytic criticism, and queer theory in their wide-ranging exploration of male representation. With its illuminating array of perspectives, this pioneering survey brings a long neglected subject into sharp focus.
