I’m a qualified personal trainer and fitness coach, competing bodybuilder and have a burning desire to help others reach their fitness goals. I have been training for over fifteen years. This training has taken me from long distance running to bodybuilding competition. It is fair to say that I have learned the secrets of weight loss and fitness from my own personal journey. I have been fat, skinny and muscle bound throughout my fitness career and I really feel fulfilment from helping and advising others when it comes to their goals. So this book is all about fitness for the beginner. Believe me; I can empathise with the beginner. There is so much contradicting information out there today that it will confuse the training newbie to a point that it will actually kill their potential. It is for this reason that I wrote this book, If I was overweight, had no motivation but knew what I know now, I would start my weight loss / fitness journey with this 6 week home workout. Good luck and remember that I am always happy to help where I can. All the best Jim Email: Jim@swapfat4fit.com One more thing!....
