Into the Dark (Dark Universe Book 1) Jason Halstead

***Into the Dark* opens an amazing new futuristic setting by Jason Halstead called *Dark Universe*.**

Aden Garrett is fresh out of security academy and looking for a little excitement. A little more than walking security at local space station bars and a little less than the job that got him kicked out of the academy.

Meshelle and Janna are Vagnosian sisters that run a small transport and special operations ship, and they're looking to replace a fallen crew member.

Chance brings them together and puts them work for one of the mysterious Kesari merchants who's looking for some expendable assets for a special job. It's a perfect match, except the crew of the Uma, Janna's ship, doesn't agree to being disposed of when the job is done.

What follows is a game of cat and mouse through the galaxy with twists and turns at every solar system. Lost alien civilizations, six limbed insectoid warriors, plasma rifles, and more await. Much, much more...
