Jeffrey D. Holmes

**Great Myths of Education and Learning (Great Myths of Psychology)** Jeffrey D. Holmes

*Great Myths of Education and Learning* reviews the scientific research on a number of widely-held misconceptions pertaining to learning and education, from interventions designed to enhance intelligence in infants to strategies used in higher education.

- A collection of the most important and influential education myths in one book, with in-depth examinations of each topic
- Focusing on research evidence regarding how people learn and how we can know if learning has taken place, the book provides a highly comprehensive review of the evidence contradicting each belief
- Topics covered include student characteristics related to learning, views of how the learning process works, and issues related to teaching techniques and testing
