Stay With Me

Maya Banks

Stay With Me Maya Banks

Getting her back will be the toughest deal they've ever negotiated.

On the night of her fifth anniversary, Catherine Cullen-Wellesley intends to break the news to her two husbands. She's pregnant with their child. It'll be the perfect preamble to the vacation they've promised her: Two weeks on a Jamaican beach. No cell phones, no emails, no business. And she hopes that the news of her pregnancy—plus two weeks of reclaiming the closeness that had always been so much a part of their marriage—will help bridge the ever widening gap in their now distant relationship.

But when Logan and Rhys call off the trip for yet another business emergency—something that's happening with more and more frequency all the time—and absolutely no mention of their anniversary dinner or that they'd stood her up yet again, Catherine faces some difficult truths. She hasn't come first in her busy husbands' lives in a long time. And she deserves better than what she's been getting—or not getting—from the two men who vowed to love her and always put her first. So she packs her bags for her long-awaited vacation—alone. It'll give her a chance to figure out what the hell she's going to do with the rest of her life. When Logan and Rhys come home to an empty house, they realize two things: One, they've been taking their precious wife for granted for far too long, and they now realize—perhaps too late—that she may well have finally had enough. Two, they're not willing to just let her walk out of their lives without one hell of a fight and the chance to prove to her that nothing is more important to them than her love.

Winning her back will be the most difficult battle of their lives—more important than any business deal they've ever negotiated. One where they could lose everything that ever truly mattered to them. Their wife.?
