From the bestselling author of *Liquid Fear*, *The Red Church*, and the *After* post-apocalyptic series comes an unnerving story in the *Wayward Pines* universe.

After David Pilcher and his volunteers enter suspended animation, William Landrum remains behind as chief of operations for the project.

While his staff gathers materials and technology to fulfill Pilcher's vision of the future, Landrum faces threats from both inside and outside the superstructure. When a desperate armed group infiltrates the superstructure, Landrum must make hard choices about who lives and dies.

His every decision is weighed against one special person whose only chance lies in the far future--and Landrum will sacrifice anything to grant her that chance.
