## Reach for the Top

"Reach for the Top" examines the challenges, frustrations, and opportunities facing today's professional women: gender stereotypes and the conflicts they create, the glass ceiling, sexual harassment, discrimination, and work/family pressures. Featuring case studies, essays by leading analysts (including Judith Rosener and Felice Schwartz), and inspiring first-person accounts, these twelve "Harvard Business Review" articles provide a fresh look at the issues women face at work. This book is a valuable resource for managers trying to understand the dynamics of gender in the organization, as well as an invaluable tool for women making their way up the corporate ladder.
