\*\*\*Released as a standalone novella with two brand new stories for the readers: Brom's Birthday and The Slow Grind. The main story is formerly part of the Tall, Dark and Alpha boxed set.\*\*\*

Raesa was one step from hell until she found redemption in their arms.

Ship thief and notorious escape artist, Raesa Daw was the best in the business until a routine DNA test proves that she's one of the last Earthen purebloods in existence. Desperate to escape sexual slavery and breeding for a royal house, she flees the station on the Crimson Star, landing in the arms of a deadly half-breed, Brom Raine.

One kiss burns away her fear, but opens a world more dangerous than she'd ever known.

Captain Anderson Na'varr of the Mercenary frigate Crimson Star shows no mercy to those who stow away on his vessel. He will take the thief and show her exactly how erotically ruthless he and his Executive Officer, Brom, can be.

Seduced by the dark lust and hidden strength of both men, she vows to do everything in her power to corrupt her DNA before the slavers find her.

Na'varr realizes Raesa holds the key to survival, and losing her to the Republic would destroy the fragile peace he and Brom had found in her arms. Her courage would lead them out of the depths of hell but only their love could keep her alive.
