The Economics of Foreign Exchange and Global Finance Peijie Wang

The book is designed to integrate the theory of foreign exchange rate determination and the practice of global finance in a single volume, which demonstrates how theory guides practice, and practice motivates theory, in this important area of scholarly work and commercial operation in an era when the global market has become increasingly integrated. The book presents all major subjects in international monetary theory, foreign exchange markets, international financial management and investment analysis. The book is relevant to real world problems in the sense that it provides guidance on how to solve policy issues as well as practical management tasks. This in turn helps the reader to gain an understanding of the theory and refines the framework. This new edition of the book incorporates two new chapters, together with updating most chapters in the first edition, integrating new materials, data, and/or the recent developments in the areas. A new chapter on the portfolio balance approach to exchange rate determination is included, in addition to the major models included in the first edition: the Mundell-Fleming model, the flexible price monetary model, the sticky price monetary model featured by the Dornbusch model and the real interest rate differential model. This makes the book inclusive in exchange rate theories. A second new chapter included is on issues in balance of payments or international transactions and their interactions with exchange rates, changes in exchange rates and exchange rate policies.

From reader reviews:

Trevor Cianciolo:

Why don't make it to become your habit? Right now, try to ready your time to do the important action, like looking for your favorite guide and reading a e-book. Beside you can solve your long lasting problem; you can add your knowledge by the e-book entitled The Economics of Foreign Exchange and Global Finance. Try to face the book The Economics of Foreign Exchange and Global Finance as your good friend. It means that it can being your friend when you feel alone and beside those of course make you smarter than ever before. Yeah, it is very fortunated for you. The book makes you far more confidence because you can know every thing by the book. So , let me make new experience along with knowledge with this book.

Walter Taylor:

Reading a guide tends to be new life style on this era globalization. With examining you can get a lot of information that may give you benefit in your life. Having book everyone in this world can certainly share their idea. Textbooks can also inspire a lot of people. Lots of author can inspire their reader with their story or perhaps their experience. Not only the story that share in the publications. But also they write about the data about something that you need example. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that exist now. The authors on earth always try to improve their talent in writing, they also doing some investigation before they write on their book. One of them is this The Economics of Foreign Exchange and Global Finance.

Dale Fain:

Exactly why? Because this The Economics of Foreign Exchange and Global Finance is an unordinary book that the inside of the book waiting for you to snap the item but latter it will distress you with the secret the idea inside. Reading this book adjacent to it was fantastic author who all write the book in such awesome way makes the content on the inside easier to understand, entertaining technique but still convey the meaning fully. So , it is good for you because of not hesitating having this ever again or you going to regret it. This book will give you a lot of benefits than the other book have such as help improving your expertise and your critical thinking means. So , still want to delay having that book? If I had been you I will go to the e-book store hurriedly.

Teresa Burns:

The Economics of Foreign Exchange and Global Finance can be one of your basic books that are good idea. We recommend that straight away because this reserve has good vocabulary that could increase your knowledge in words, easy to understand, bit entertaining but nonetheless delivering the information. The article author giving his/her effort to set every word into enjoyment arrangement in writing The Economics of Foreign Exchange and Global Finance although doesn't forget the main stage, giving the reader the hottest as well as based confirm resource info that maybe you can be considered one of it. This great information

could draw you into brand new stage of crucial considering.
