Effective Modern C++: 42 Specific Ways to Improve Your Use of C++11 and C++14 Scott Meyers

Coming to grips with C++11 and C++14 is more than a matter of familiarizing yourself with the features they introduce (e.g., auto type declarations, move semantics, lambda expressions, and concurrency support). The challenge is learning to use those features effectively—so that your software is correct, efficient, maintainable, and portable. That's where this practical book comes in. It describes how to write truly great software using C++11 and C++14—i.e. using modern C++. Topics include: The pros and cons of braced initialization, noexcept specifications, perfect forwarding, and smart pointer make functions The relationships among `std::move`, `std::forward`, rvalue references, and universal references Techniques for writing clear, correct, effective lambda expressions How `std::atomic` differs from `volatile`, how each should be used, and how they relate to C++'s concurrency API How best practices in "old" C++ programming (i.e., C++98) require revision for software development in modern C++ Effective Modern C++ follows the proven guideline-based, example-driven format of Scott Meyers' earlier books, but covers entirely new material. "After I learned the C++ basics, I then learned how to use C++ in production code from Meyer's series of Effective C++ books. Effective Modern C++ is the most important how-to book for advice on key guidelines, styles, and idioms to use modern C++ effectively and well. Don't own it yet? Buy this one. Now". -- Herb Sutter, Chair of ISO C++ Standards Committee and C++ Software Architect at Microsoft

From reader reviews:

Linda Shell:

Here thing why this specific Effective Modern C++: 42 Specific Ways to Improve Your Use of C++11 and C++14 are different and trusted to be yours. First of all reading a book is good however it depends in the content than it which is the content is as tasty as food or not. Effective Modern C++: 42 Specific Ways to Improve Your Use of C++11 and C++14 giving you information deeper including different ways, you can find any guide out there but there is no guide that similar with Effective Modern C++: 42 Specific Ways to Improve Your Use of C++11 and C++14. It gives you thrill studying journey, its open up your personal eyes about the thing this happened in the world which is probably can be happened around you. You can easily bring everywhere like in area, café, or even in your means home by train. In case you are having difficulties in bringing the printed book maybe the form of Effective Modern C++: 42 Specific Ways to Improve Your Use of C++11 and C++14 in e-book can be your option.

Herb Baker:

The particular book Effective Modern C++: 42 Specific Ways to Improve Your Use of C++11 and C++14 has a lot associated with on it. So when you make sure to read this book you can get a lot of advantage. The book was published by the very famous author. Tom makes some research prior to write this book. That book very easy to read you can obtain the point easily after reading this book.

Dorothy Bernstein:

Playing with family in a very park, coming to see the marine world or hanging out with friends is thing that usually you may have done when you have spare time, after that why you don't try factor that really opposite from that. 1 activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of knowledge. Even you love Effective Modern C++: 42 Specific Ways to Improve Your Use of C++11 and C++14, you can enjoy both. It is great combination right, you still need to miss it? What kind of hang-out type is it? Oh come on its mind hangout guys. What? Still don't buy it, oh come on its referred to as reading friends.

Robert Thomas:

Don't be worry should you be afraid that this book will certainly filled the space in your house, you can have it in e-book approach, more simple and reachable. This kind of Effective Modern C++: 42 Specific Ways to Improve Your Use of C++11 and C++14 can give you a lot of friends because by you looking at this one book you have factor that they don't and make an individual more like an interesting person. This book can be one of a step for you to get success. This book offer you information that possibly your friend doesn't know, by knowing more than various other make you to be great persons. So , why hesitate? Let us have Effective Modern C++: 42 Specific Ways to Improve Your Use of C++11 and C++14.
