The War of the Worlds (Classic Starts(TM) Series) H. G. Wells

Hot on the heels of the blockbuster film comes a version of H.G. Wells' chilling tale of alien invasion that every child can enjoy. It begins as the sky lights up with bright cylinders from Mars that look like falling stars—and continues as the Martians emerge from their vessels with machines of fire and deadly smoke. Wells's depiction of a city in panic—written in 1898—still remains shockingly contemporary.
