Microfossils

Howard Armstrong, Martin Brasier

Microfossils Howard Armstrong, Martin Brasier

This is a new and completely rewritten edition of the well-known text *Microfossils* (first published in 1980) covering all the major microfossil groups, with information on taxonomy, phylogeny, ecology and palaeoecology.

- particular attention is given to the uses of microfossils in environmental reconstruction and biostratigraphy
- numerous line and half-tone illustrations
- emphasis on practical applications of micropalaeontology
- only student-friendly micropaleontology text available
