This book's concept centres on the simple fact that many English words are composed with other words integrated into them. I'm not referring to compound words, but words with other words hidden in them, such as HAT in THAT, or CAT in CATCH.

Catch the Cat is a fun and surprisingly educational book which stimulates learning through the search for words within words. It incorporates stories, rhymes and tongue twisters to create fun and lively word combinations that children love to find and say. It is the second book in the series The Hat in That.
