Have you ever wondered why your wife thinks she can run an oil on your feet and it will affect something in your head- like snoring or nausea? Why is that she thinks she can “diffuse” (whatever that means!) something on one side of the room and it will change things on the other? And what’s up with the clicking on the keyboard at all hours of the night to find out which oils to use for a runny nose (why not just blow it!)? If you’ve ever asked any of those questions, this book is for you! * Discover the truth about Young Living and its jousting founder, Gary (chapter 1) * Uncover how essential oils have been used throughout history- and even in the Bible (chapter 2) * Crash course to understand the science behind the oils- and unlock why they do what they do (chapter 3) * Pull back the curtain on multilevel / network marketing pyramid schemes and find out if your wife’s getting sucked into one (chapter 4) * Amplify & multiply her business efforts with seven practical steps (chapter 5) * Grab tools to prioritize, simplify, and achieve more- even while adding another thing to your list of projects and things to do (chapters 6 and 7) The Field Guide helps men understand the basics of essential oils- and covers everything from the founder of Young Living (Gary Young), to the history of essential oils, to the science behind them... to network marketing and distributing them through a profitable home-based business.
