La catastrophe que viene Elizabeth Kolbert

La catástrofe que viene es el libro de referencia sobre el cambio climático, un tema crucial y el mayor desafío de nuestros tiempos

Conocida por su periodismo político perspicaz e inquisitivo, Elizabeth Kolbert nos trae un libro clave del ecologismo contemporáneo que muchos han comparado con el mítico *Primavera silenciosa*. Uniendo sus vastos conocimientos científicos a entrevistas a pie de campo con personas que han presenciado la innegable variación del clima en los últimos años, Kolbert ha escrito un libro imprescindible para comprender la manera en que el calentamiento global está afectando nuestras vidas. La autora se pregunta qué podemos hacer, si es que podemos hacer algo, para salvar el planeta.
