The Greek File: Images from a Mythic Land

The Greek File: Images from a Mythic Land

A stunning collection by William Abranowicz, *The Greek File* captures the essence of Greece—an alluring country where life itself is stripped down to its most essential components and the ordinary becomes extraordinary. From a single white cloud floating in a clear sky to a wrinkled linen shirt drying in the sun to shores dotted with throngs of buildings like pebbles washed in from the sea, Abranowicz's work elevates simple everyday objects to objects of austere beauty. These photographs capture the many facets of the Greek islands: their serenity, exceptional light, and arresting art and architecture.

Just as Abranowicz reveals the beauty of Greece through imagery, so too does world-renowned author and scholar Edmund Keeley unveil the subtle poetry of this Hellenic paradise. With an introduction by Keeley as well as an excerpt from *The Colussus of Maroussi* by Henry Miller, this elegantly designed volume is both a visual and literary treasure that is as rich and enchanting as the country it portrays.
