The Allegory of Love: A Study in Medieval Tradition C. S. Lewis, Clive Staples Lewis

Love is the commonest theme of serious imaginative literature and is still generally regarded as noble and ennobling passion. Love has not always taken such precedence, however, and it was in fact not until the eleventh century that French poets first began to express the romantic species of passion which English poets were still writing about in the nineteenth century. This book is intended for students of medieval literature from A-level upwards. Anyone interested in the 'Courtly Love' tradition. Fans of C.S. Lewis's writings.
