Onward Christian Soldiers

Clyde Wilcox

Onward Christian Soldiers Clyde Wilcox

They have money, influence, power-and they turn out to vote. They are credited with delivering a significant part of the Republicans' stunning 1994 electoral success, foreshadowed their status as major players in the elections of 1996. "They" are groups like the Moral Majority, the Christian Coalition, and the religious right. But are they the greatest threat to liberty since Hitler or the last defenders of religious freedom and family values in America? In this revised and updated second edition of *Onward Christian Soldiers* Clyde Wilcox tells us who they are, what their history has been in twentieth-century American politics, and how they might organize themselves for future political effectiveness. He tackles the sticky political dilemma of the proper role of religious groups in American politics and government while showing how the contemporary religious right does-and does not-fit into that context.
