The Oxford Handbook of Archaeology (Oxford Handbooks)

The Oxford Handbook of Archaeology (Oxford Handbooks)

Archaeology is a vast subject--it is the study of human society everywhere in the world, from distant human origins 3-4 million years ago up to the present day. *The Oxford Handbook of Archaeology* brings together 35 authors--all specialists in their own fields--to explain what archaeology is really about. This is one of the most comprehensive treatments of the subject and of the key debates ever attempted. It is designed to open up the world of archaeology to non-specialists and to provide an essential starting point for those who want to pursue particular topics in more depth.
