## **The Populist Persuasion: An American History** Michael Kazin

"Kazin has written a thoughtful and important book on one of the more consequential movements in American politics-populism. Tracing the emergence of populist campaigns from the 19th century to the present day, he looks at such movements as the labor movement, the prohibitionist crusade, Catholic radio populist Father Coughlin, the New Left, and the recent advance of conservative populism, as identified with such figures as George Wallace and Ronald Reagan. Kazin opens by saying, 'I began to write this book as a way of making sense of a painful experience: the decline of the American Left, including its liberal component, and the rise of the Right.' Anyone interested in either political tendency will find this book both informative and engaging. It is a powerful, elegantly written, and observant study that never fails to retain the reader's interest." *Library Journal*

For the revised Cornell edition, Michael Kazin has rewritten the final chapter, bringing his coverage of populism up to the 1996 presidential election and added a new conclusion.
