There's one thing Julia Wilson has learned in life: you can't push aside your own dreams for anyone. Newly divorced, Julia returns to the small hometown she swore she'd left forever. She plans on enjoying the cheap rental a friend offers and staying there just long enough to figure out her next steps in life.

But before long, Julia realizes she's made a big mistake.

A decade ago, Micah Anderson promised Julia forever but broke her heart right before she left for college. Now, Julia's back in town, and he's going to have to tell her the truth about why he left her—it's impossible to hide a twelve-year-old child when you live in such a small town.

Can Julia forgive Micah and start anew? Should she try to make a relationship work if Micah's past becomes a threat to her safety? Should she follow her dreams if it means giving up on a second chance with her first love?
